SUMMARY

Ambitious Full Stack Web Developer with a background in management, digital design, and event logistics. My career path has required creativity, problem-solving, personal and team development, and adaptability. I aim to leverage my knowledge and skills to develop thoughtful and intelligent web applications.

TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript, JQuery, Node, Express, mySql, Sequelize, React, MongoDB, Handlebars.js

PROJECTS

Organizarr
github.com/lesliejpatino/Organizarr | dry-badlands-77030.herokuapp.com/
- This application was created with the busy student in mind. Users access a personal dashboard where they can save notes, to-do lists and create/attend study groups.
- My responsibilities included project management, design, UI, model creation, client-side Javascript, Handlebars, and debugging.
- Tech Stack: Handlebars/HTML, Bootstrap/CSS, Javascript, Express, Node, Sequelize,

Map-a-Test | Find a Covid Testing Site Near You
github.com/lesliejpatino/find-covid-testing | lesliejpatino.github.io/find-covid-testing/
- This application was built for people in search of a Covid test. Through a simple and straightforward UI, our site displays the closest testing sites based on the user's location.
- My responsibilities included third party API's, form validation, UI, and Javascript.
- Tech Stack: HTML, Javascript, jQuery, Foundation/CSS, Parsley, Google/Covid API

ReadMe Generator
github.com/lesliejpatino/README-generator
- This is a README generator that will allow the user to quickly create a professional README directly from the command line.
- My responsibilities included third party API's, form validation, UI, and Javascript.
- Tech Stack: Javascript, Node.js, Inquirer and FS npm packages

EXPERIENCE

Lifestyle Director | Assistant Community Manager   2020 – 2021
FirstService Residential

This dual role required budgeting, planning, facilitating and marketing for all community events and activities. Outside of events, I was responsible for hiring and training, reporting, and acted as a Liaison with various Committees. Additionally, I was head of all digital communication with community members through digital newsletters, emails, and virtual conferences.

Promotional Event Specialist   2013 – 2020
Freelance

In this role I was responsible for teams anywhere from 3-20 people and worked independently with hundreds of companies such as Google, ESPN, HP, and BMW. I ran marketing campaigns, data capture, and street teams at festivals, conventions, and other live events. Additionally, I was chosen out of hundreds of applicants to lead regional tours for Volkswagen and Kroger.

Assistant Spa Director   2017 – 2019
FirstService Residential

Responsibilities included implementing marketing strategies to increase revenue, hiring, training, and supervising front desk staff, and completing inventory and budgeting on a weekly basis. During my time there, we reached the locations' highest month of revenue.

EDUCATION

Bootcamp Certificate: University of California, Berkeley   2022
A 12-week intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, Node Js, MySQL, MongoDB, Express, Handelbars.js & ReactJS.
